Intimations.

A HEALTHY LIVER.

THE liver is a large gland, lying under the skin on the right side. It is convex on the upper side and concave on the under, and is composed of several lobes or divisions. Its office is to secrete bile—that is, to separate it from the blood. It weighs about four pounds, being the largest gland in the body. The function of long-continued heat is to dampen the natural action of the liver, and ultimately to produce enlargement, hardening, torpidity, and chronic inflammation of that organ. The symptoms indicating liver disease are as follows:

A sense of fulness and weight in the right side, with some enlargement and pain, particularly when pressed; pain in one or both shoulders and under the shoulder-blades; disagreeable or painful feeling when lying down; pain in the eyes, ears, and joints; sometimes irregular, loose, or watery; red veins through the eyes; sometimes a dry, hacking cough; shortness of breath; a bad taste in the mouth in the morning; the urine deposits a white sediment; pain in the rectum, and constipation; state of the nervous system much disturbed; disinclination to apply the mind, and frequently a great dread of imagined evils supposed to be impending.

We believe that no medicines offered for the cure of liver disease have ever had an extensive field of successful trial in our country.

BRISTOL'S SUGAR-COATED PILLS. In the Western, Southern, and Pacific States of North America, in Central America, in Chile, Peru, Ecuador, Bolivia, Paraguay, Brazil, Venezuela, British West Indies, Cuba, Mexico, Australia, East Indies, Spain, and Portugal, they are well known and constantly used. Every month finds a large increase in their sale, and thus success is something quite unparalleled; but it is easily explained, as they are prepared expressly for the liver and gall all.

LIVER AND BILIOUS DISEASES. constituting nearly three-quarters of all the sicknesses with which mankind suffer. The active principles of Bristol's Sugar-coated Pills are:

PODOPHYLIN AND LEPTANDRIN, both simple vegetables, but both potent for controlling the liver—cleaning it of all sluggish secretions, and in removing it to a state of health and natural ease.

Pill directions around each tablet.

FOR SALE AT THE HONGKONG DISPENSARY.

WHAT IS IT MADE OF? Is the oft-repeated inquiry which comes to us from the most distant sections of the world about our MURRAY & LANMAN'S FLORIDA WATER.

"WHAT MAKES IT SO LASTING?" Also a query often put to us. Of course we are not willing to make our formula known, and all such questions remain unanswered. "Ah!" says one, "I smell."

MURRAY AND LANMAN; nothing else could be so delicate, yet so refreshing." Still we answer nothing, because we were either to deny or admit, it would be equally disbelieved. "To me, says another,"

HORNBUCKLE AND JASMIN; are as plain as they can be." But to this one only reply is silence—presenting here, however, that our great Perfume depended on two single flowers, its breath would be poor indeed. "Yes, sir, I concluded a third; but you cannot decide me!"

ORANGE FLOWERS AND VIOLETS, nothing else could be so delicate, yet so refreshing." Still we answer nothing, because we were either to deny or admit, it would be equally disbelieved. "To me, says another,"
